WHO WE ARE SINCE 2005

#PLAYSTATIONSFORUM
#XBOXONEFORUM

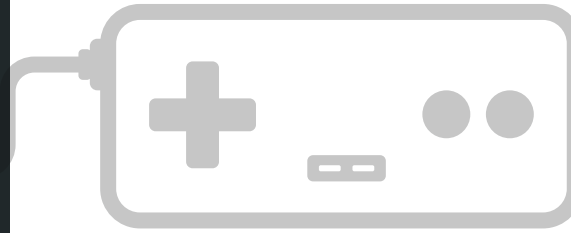

GGames originated in 2005, when the internet was slow and quality content are scarce. Its founder, Bruno Tavares, started working with forums around 2003. After a failure in the hosting in 2014, all GGames content was lost.

The GGames gaming forum was reborn in 2017 with the platform completely renewed, and today has exclusive functions.

Today we are highlighted in originality and variety of content. We have several prizes and rewards for members most participate in the forum.
